

# HEARTBEAT DESIGNERS TRIANGULAR UNIVERSE

The Lyrics

## THE MILKY WAY

Come along on our journey into the unknown.  
Can't wait any longer, new challenges need to be found.  
Don't worry, we'll never return.

**We'll enter the infinite expanse of space.**  
**It's true. We'll leave the Milky Way tonight.**  
**Yes, it's true. We'll leave the Milky Way tonight.**

Getting away from the familiar at last.  
On invisible roads, out of the big wide world.  
Don't worry, we'll never return.

**Hmmmmmmm...**  
**It's true. We'll leave the Milky Way tonight.**  
**Yes, it's true. We'll leave the Milky Way tonight.**

Floating away. Nothing more to say.  
Floating away...

**We'll enter the infinite expanse of space.**  
**Well... we'll leave the Milky Way tonight.**  
**You know, we'll leave the Milky Way tonight.**  
**We'll enter the infinite expanse of space.**  
**It's true. We'll leave the Milky Way tonight... and it's alright.**

## BE LIKE A RIVER

You've waited so long... so long...  
For the revelation that will never come.  
Years later... you're still here  
To get a message from a self-proclaimed messiah - you won't hear.  
Don't worry now. You already know the answer... somehow.

**Be like a river!**  
**Stand firm and deliver!**  
**Be like a river!**  
**Just flow!**

I'm neither your father, nor a teacher.  
I never wanted to be a leader, nor a preacher.  
Don't worry now. You already know the answer... somehow.

**Be like a river!**  
**Stand firm and deliver!**  
**Be like a river!**  
**Just flow!**

Everybody, don't despair. You've got your infinite powers within you to share. Don't ask me how. You must find your own way like water. Do it! ... Do it now!

**Be like a river!**  
**Stand firm and deliver!**  
**Be like a river!**  
**Just flow!**

## TURNING POINT

Didn't realise  
It wasn't up to us  
Couldn't imagine  
The future is obscure

Though you don't know what to do  
Are you ready for something new?

**Watch out!**  
**This is the turning point.**  
**Choose your point of view!**  
**Reach the turning point!**

Didn't expect it.  
No one prepared me for this.  
Didn't want it.  
Did not ask for it.

But have you heard what people say?  
We must change ourselves anyway.

**Watch out!**  
**This is the turning point.**  
**Choose your point of view!**  
**Reach the turning point!**

Try to look closely, they just pretend.  
So are you ready for the end?

-----

## ANYMORE

You threw it all away, you cheated all along.  
I couldn't guess what's going on.  
I trusted you blindly. Haven't you always fooled us all?  
Why did you pretend so shamelessly?

So clueless... I was clueless.  
You fooled me, played with my heart.  
Unsuspecting while you pretended.

**Don't you touch me anymore. Don't you hurt anyone – anymore.**

So clueless... I was clueless.  
You fooled me, played with my heart.  
Unsuspecting while you pretended.

**Don't you touch me anymore. Don't you hurt anyone – anymore.**

You fooled me, played with my heart.  
Unsuspecting while you pretended.

**Don't you touch me anymore. Don't you hurt anyone...**  
**Don't you touch me anymore. Don't you hurt anyone – anymore.**

## U BETCHA

A memory like an elephant. Too deeply etched to forget.  
In my mind, every meanness. Trying to reset.

**You can change the name, you can change the style,  
You can move, you can run and hide.  
Whatever you do, you can be sure: One day I'll catch ya, u betcha.  
U betcha.  
U betcha.**

Don't explain anything to me. Don't ask about my life.  
It's none of your business anymore. It's just a matter of time...

**You can change the name, you can change the style,  
You can move, you can run and hide.  
Whatever you do, you can be sure: One day I'll catch ya, u betcha.  
*I swear: One day I'll catch ya...*  
U betcha.  
U betcha.**

A memory like an elephant. Too deeply etched to forget.

**You can change the name, you can change the style,  
You can move, you can run and hide.  
Whatever you do, you can be sure: One day I'll catch ya, u betcha.  
U betcha.  
U betcha.**

## FREEDOM

**|| Freedom: ||**

Listen!  
Something new we can achieve. There's no better place to be.  
Don't listen to the naysayers.  
No one can stop us, nobody can restrain us.  
They call it security. They're wrong.

**Walls to protect you seem to be more secure  
But being unbound feels better for sure.  
|| Freedom: ||**

Keep listening to me!  
Together we're strong. No better time to break away.  
We're more than just one.  
The moment is now. And you know how to do it.  
The chance of making all your dreams come true.

**Walls to protect you seem to be more secure  
But being unbound feels better for sure.  
|| Freedom: ||**

**Walls to protect you seem to be more secure  
But being unbound feels better for sure.  
|| Freedom: ||**

## PEACE & LOVE

Thanks for reaching out. In the middle of mixing now.  
I'll check out the track, tomorrow I'll get back to you.  
We'll try and work something out. You have my sympathy.

I'll be in touch by the end of the week. Decisions, decisions!!  
Plenty of potential. Onwards & upwards! Peace & Love my friends!

**Peace & Love**  
**Peace & Love**

If you can clarify then I'll have an idea.  
I've given your material a listen with my engineer.  
This is turning out to be exciting. Fade or end?

Let's see what we can come up with. Have a wonderful day full of light.  
Ambition & don't be held back by anything! Peace & Love my friends!

**Peace & Love**  
**Peace & Love**

This next stage in your development is essential.  
We wouldn't still be talking if I hadn't heard some potential.

**Peace & Love**  
**Peace & Love**

- *Cover's looking the part!*

**Peace & Love**

- *I hold back. You're the stars!!*

**Peace & Love**

## THE FENCE

We missed the boat. Lost in our multiverse.  
Your droning silence. This also works in reverse.

Luckily, didn't suffer any injury.  
Any further step could break us apart.

**The fence...**

Dumb and deaf. We must cope with imperfection.  
Sitting here. Looking in the same direction.

**The fence...**

Same old story. It seems there's no healing.  
Here we are again. Caught in mixed feelings.  
Any word could break the sound of silence.

**The fence...**  
**The fence...**

## IN ALL ITS COLOURS

Sometimes we are mean, even to ourselves.  
Some days are pretty grey, but prettier the people.  
What we are is not always to be known at once.

**Can't you just see the people around you for what they are?  
Can't you see the world in its beauty, in all its colours?**

With some people, you get a sense.  
On other occasions, we feel defense.  
What we are is not always to be known at once.

**Can't you just see the people around you for what they are?  
Can't you see the world in its beauty, in all its colours?**

What we are is not always to be known at once.

**Can't you just see the people around you for what they are?  
Can't you see the world in its beauty, in all its colours?  
Can't you just see the people around you for what they are?  
Can't you see the world in its beauty, in all its colours?**

Sometimes we are mean, even to ourselves.  
And finally, you get a sense.

## VENUS

..3-2-1-and lift off!

We were careless. We've risked our entire lives.  
From the moment we've felt ambition, we wanted to achieve the goal.  
Watch for the moment when we fall.

**Our decency comes first and only then will we come.  
With love from planet earth, from the world we are from.  
|| Entering Venus :||**

We were shameless. Only stars watched the goings-on.  
While giving me the runaround, you passed the ball.  
Watch for the moment when we fall.

**Our decency comes first and only then will we come.  
With love from planet earth, from the world we are from.  
|| Entering Venus :||**

*+++ At this point, the launch vehicle will be traveling at a velocity of 3,591 km per hour. Now the final three rocket boosters are ignited, and then jettisoned. +++*

Watch for the moment when we fall.

**Our decency comes first and only then will we come.  
With love from planet earth, from the world we are from.  
|| Entering Venus :||**

## HEART LIKE A MIRROR

I'm just coming from the dark side, where the shadows grow  
Into the glare of the lights shining bright.  
The brightness is unusual. I use my hands to rub my eyes.  
Hope to find someone to keep and admire.

**I look into your heart and see what scares me to death.  
Sure it's beautiful but it's a heart like a mirror, it takes my breath away.**

I come from nowhere and I can return, back to the shadows.  
But if I should go, let me know.  
A look through the glass. I think I'll never go away again.  
Hidden treasures may lie in the sun.

**I look into your heart and see what scares me to death.  
Sure it's beautiful but it's a heart like a mirror, it takes my breath away.**

**Heart like a mirror.  
Heart like a mirror.**

**I look into your heart and see what scares me to death.  
Sure it's beautiful but it's a heart like a mirror.  
I look into your heart and see what scares me to death.  
Sure it's beautiful but it's a heart like a mirror, it takes my breath away.**

## NEVER SPEED UP LIFE

Unpredictable, the time of life, our transience.  
When the rhythm of life drives us mad, when all feelings are dead  
Then it's time to take the pressure off.  
You can't accelerate your world - endlessly.  
You'll end up throwing yourself away...hey-hey...

**Never speed up life!  
Never speed up life!**

Unbelievable, we're only here for a while.  
Sometimes our days become so bland. What does it mean in the end?  
Then it's time to take the pressure off.  
You can't accelerate your world - endlessly.  
You'll end up throwing yourself away...hey-hey...

**Never speed up life!  
Never speed up life!**

*When the rhythm of life drives us mad, when all feelings are dead  
Sometimes our days become so bland. What does it mean in the end?  
You can't gain any time. Don't you try!  
You'll end up throwing yourself away...hey-hey...*

**Never speed up life!  
Never speed up life!  
Never speed up life!  
Never speed up life!**

## **SPIRIT OF THE TIMES**

We were a product of the industry. Brands on every shirt.  
Our clothes, far too loose. Proud of gel hairstyle and Converse shoes.  
And when you crossed the streets, you wore a BOY cap, baby.

**Maybe it's hard to understand. We've lived it out...**  
**The spirit of the times**  
**Can you still feel our memories. We'd love to share...**  
**The spirit of the times**  
**The spirit of the times**  
**The spirit of the times**

Linen trousers, polo shirts, jackets with rolled-up sleeves.  
Eyeliner for a perfect style but sunglasses at night.  
And when you crossed the streets, you wore a BOY cap, baby.

**Maybe it's hard to understand. We've lived it out...**  
**The spirit of the times**  
**Can you still feel our memories. We'd love to share...**  
**The spirit of the times**  
**The spirit of the times**  
**The spirit of the times**

Father forgive me... I have no regrets!  
And when you crossed the streets, you wore a BOY cap, baby.

**Maybe it's hard to understand. We've lived it out...**  
**The spirit of the times**  
**Can you still feel our memories. We'd love to share...**  
**The spirit of the times**  
**The spirit of the times**  
**The spirit of the times**  
**Maybe it's hard to understand. We've lived it out...**  
**The spirit of the times**  
**It's easy, it's so easy...**  
**The spirit of the times**
